EDUCATION

University of California, Irvine   Expected Graduation: December 2027
B.S. Computer Science Major - Junior
- Regents Scholarship, Dean's Honor List, invited to Campuswide Honors Collegium

EXPERIENCE

UCI Office of Research - Conflict of Interest Oversight Committee   July 2025 - Present
Research Engagement & Compliance Student Assistant
- Manage compliance documentation by distributing required forms to faculty members, conducting systematic follow-up communications, and coordinating approval notifications to relevant parties.
- Executed a comprehensive data cleanup project for 2,000+ data items, which optimized database efficiency and ensured data consistency.
- Mastered multiple specialized software platforms to retrieve various information and documentation for analysis.
- Synthesize complex research project information into concise, actionable summaries for supervisor review. Compile detailed financial interest review packets for committee evaluation processes via independent company research.

ZotHacks 2024   November 2024
Hackathon Hacker
- Ideated and built a functional web app with a team in 12 hours on Visual Studio Code that implemented Spotify's API using React and Flask.
- Worked primarily on backend using Python and assisted with frontend using TypeScript.
- Collaborated with a team and mentor using GitHub, LiveShare, and DevPost to streamline workflow and provide detailed documentation of the code and overall project.

McConnell's Fine Ice Cream   February 2023 - August 2024
Front of House
- Responsible for delivering prompt and friendly customer service, ensuring a welcoming and efficient ordering process. Offered tailored recommendations to customers, worked the register, and checked and stocked inventory.
- Onboarded and trained new employees in company services and store procedures.
- Maintained an up-to-date knowledge of the company's changing product offerings and services to support customers and provide relevant information to colleagues.

Palisades Charter High School   May 2022 - June 2024
Tutor, Teaching Assistant, Student Union Organizer
- Provided thorough, personalized tutoring to students facing challenges in their studies both during and outside of regular class hours. Reviewed student's course material and constructed lessons to target gaps in understanding.
- Assisted with grading assignments and providing constructive feedback to students, supporting educators to enhance classroom learning experiences.
- Led a team of 12 cabinet and over 40 club members in organizing events, fundraising initiatives, and community service projects.
- Oversaw club finances, maintained accurate records of income and expenditures, and tracked membership details.
- Liaisoned between the student body, various student unions, and the school administration, to identify and secure funding sources for activities and ensure alignment with school policies and community needs.
